

Transportation in Northern Virginia

Dinner & Discussion

With Stuart M Whitaker

April 16, 2014

Presented by

Providence District Democratic Committee &
Fairfax County Democratic Committee Finance Committee

Approval in April, 2013 of transportation funding (HB2313) will provide an estimated additional \$300 M annually for transportation investment in Northern Virginia. Significant investments in Metrorail, bus service, highways, bicycle and pedestrian pathways are under way or under discussion here and in the Washington metropolitan area at large.

What does it all mean? How does it all fit together? Who is planning all this, and how can we make an impact? **Stuart M Whitaker** will talk about transportation issues from a variety of Democratic perspectives including economics, sustainability, social justice, and health.

[Stuart M Whitaker](#) is the creator of two related transit initiatives. [Transiters \(@Transiters\)](#) is an initiative that advocates for transportation on behalf of public transit riders. [Green Your Meeting](#) is an initiative endorsed by the local Sierra Club and the Arlington Coalition for Sensible Transportation that encourages individuals and organizations to frequent transit accessible locations. Mr. Whitaker is an alumnus of the Washington Council of Governments Transportation Planning Board's Community Leadership Institute.

Come join us! The only cost is your dinner!
